## Bequia Rental Cars, Taxi's, & Tours

For visitors taxi is the simplest way to get around Bequia with fares ranging from \$EC6. to \$EC30. (from Port Elizabeth to Lower Bay, for example, the fare is about EC\$25)

The covered pickup truck is a common taxi in Bequia and very practical. You benefit from the cooling breezes as you make your way around the island and are provided with an excellent view to take in the island beauty. Taxi rates are set by the government, it's always wise to agree on the rate prior to departing. Rates should be quoted in EC dollars but it's best to clarify this as sometimes rates may be quoted in US dollars, especially for an island tour. Mini Buses (vans) are also available for those wishing a more traditional ride. There are also dollar vans that run set routes at certain times of the day. Check with the Tourism Authority, at the pier in town, for rates and latest information. Taxis can also be contact on VHF Ch 68 for those on yachts.

Take an island tour with one of the taxi drivers waiting your arrival under the trees near the jetty. They will fill you in on all the scenic sites, island history and happenings.

For a trip to the beach a ride in a water taxi can't be beat for a little local color. Watch your step when you get out! Did you arrive by yacht? Call a water taxi on Ch 68 to deliver you to town and leave the dingy aboard. Let your taxi driver know when you'll need pick-up and he'll be there to meet you. You can usually find a water taxi at the dinghy docks along the Belmont walkway or flag one down from the beaches of Lower Bay or Princess Margaret. Many restaurants will also call one for you.

## Beaches

### Lower Bay

Lower Bay is Bequia's longest beach. Located on the southern shore of Admiralty Bay , (Bequia's well-known yacht anchorage), this beach of golden sand is generous in width, and, since it is on the leeward side of the island, the water is usually calm and clear. There are a number of small restaurants nearby which can be convenient for taking a break from the sun. Close to the middle of this stretch of sand a small reef forms a natural pool – ideal for young paddlers.

### Princess Margaret Beach

Princess Margaret Beach, so named since the royal princess took a swim here while on her honeymoon, is also on Admiralty Bay . It tends to be quieter than Lower Bay , not that any beach in Bequia is ever very busy! Jacks' bar is located at the most northerly end of the beach, with jetty. Beautiful sand, clear water!

## Friendship Bay Beach

Friendship Bay Beach is a lovely semi-circle of sand facing southeast, protected by a headland so that waves are seldom more than a foot high. The attractive view towards Mustique is enhanced by the tiny islets of Whale Cay, and Semple Island, with the somewhat larger Petit Nevis in the background. Two hotels front on this bay so refreshments are at hand.

**Industry Bay** has a pleasant beach protected from the waves of the Atlantic by reefs. Very breezy sometimes. A restaurant offers food and drink and beautiful [wall fountains](#) for guest enjoyment.

**Hope Bay** is exposed to the Atlantic, without reefs, so you may find big waves here. This wide sandy beach is a little difficult to access with the result that you may be the only persons here. Take water and do exercise care in the seas.

**Athneal Ollivierre Beach** on the southern side of the island is right by the airport with views of the Southern Grenadines. This is the place to look for shells.
